Delphi Corp Case # 05-44481 filed October 5, 2005

Document # 14705 to cancel OPEB (health insurance benefits) for all retirees

Dear Judge Drain:

This letter is to express my concerns with Document #14705 filed by Delphi Corporation on February 4, 2009 asking the court to cancel health insurance benefits (OPEB) for over 15,000 people who are retirees of Delphi Corporation.

**Please note that this letter is an OBJECTION to that document and file it as a motion to object to document #14705.**

This document was filed with no previous warning to any of the retirees of Delphi Corporation and was only made known to us via letter on February 5, 2009 and gave us a mere twelve days to file our objections. If there was a sharing of the hardship with the hourly retirees, perhaps there could be a compromise in the sharing of the health costs and at least provide benefits to age 65.

Most Delphi salaried retirees spent most of their working years with GM, in my case it was 29 of 31 years. GM has bailed out the Delphi hourly pension and health care programs with billions of dollars and significant buyouts with employees with 10 years or less, yet they have not assisted their salaried employees with little or nothing. GM and Delphi did everything possible to prevent the salaried work force from organizing. This is a sad commentary to let 15,000 salaried employees bear the brunt of these health care cost.

It is my belief that there are other ways to restructure the company and still retain health care for retirees. Health care benefits are currently scheduled to stop at the age of 65 for all retirees. This cost is a decreasing cost to the company as each of us reaches that 65 age milestone.

Please know that each of the 15,000 retirees who will be negatively impacted by this action will be looking to you for your consideration when making the decision concerning Document #14705 dated February 4, 2009.

**We ask you to REJECT this motion.**

Sincerely yours,
